

MH-P35B Portable 8000mAh Magnetic Wireless Charging Power Bank

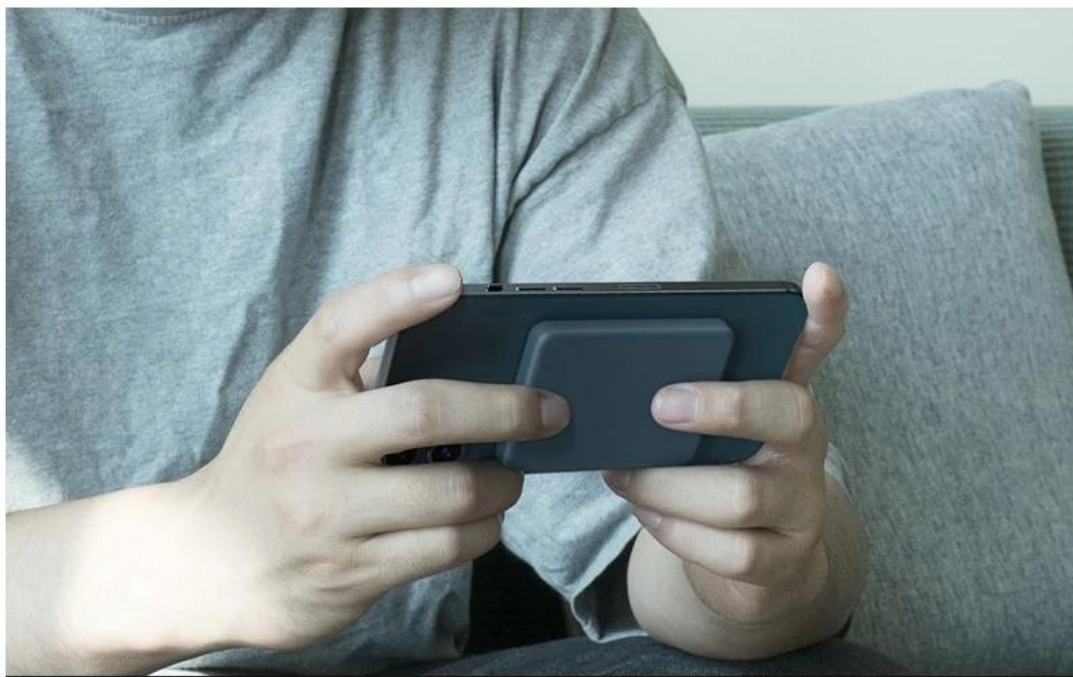

About Musthong Portable 8000mAh Magnetic Wireless Charging Power Bank MH-P35B

- * **Multi-Functional Charging:** This 8000mAh magnetic wireless power bank supports magnetic adsorption charging with a built-in induction coil for wireless charging of all Qi-standard phones. The USB-C wired charging port delivers up to 5V-3A, 9V-2A, or 12V-1.5A, ensuring fast and efficient charging.
- * **Strong Magnetic Adsorption:** Equipped with powerful N52 aligned magnets, the magnetic wireless portable charger securely holds your phone in place during charging.
- * **Advanced Charging Technology:** Fully recharge the Mag-Safe power bank using the included Type-C cable. It is also compatible with AirPods and other Qi-enabled devices for seamless charging.
- * **Smart Indicators:** LED battery level indicators provide an instant view of the remaining power, while precise wireless charging indicators confirm active charging for added convenience.
- * **Lightweight, Portable Design:** With its lightweight and compact build, this power bank is ideal for business professionals or as a travel companion, easily fitting into your bag for on-the-go power.

Main Features

- * Wireless charging standard: Qi standard
- * USB-C charging input: 5V-3A/9V-2A/12V-1.5A
- * Lightning charging input: 5V-2A
- * Wireless charging output: 5W/7.5W/10W
- * USB-C charging output: 5V-3A/9V-2A/12V-1.5A
- * Battery capacity: 8000mAh
- * Wireless charging distance: less than 9 mm
- * Wireless transmit efficiency: $\geq 73\%$
- * Product dimension: 95*67.5*17.5 mm
- * Material: ABS+PC
- * With rubber oil spray on the plastic surface
- * Magnetic wireless charging function enables it to automatically attach to iPhones
- * Support fast wireless charging for all Qi-compatible mobile phones and devices

Packaging and Shipping

- * Wireless charger*1
- * Charging cable*1
- * Packing box*1
- * User manual*1
